Casually curving on a country road,

facing toward an utterly different view —

the same mental image of the past,

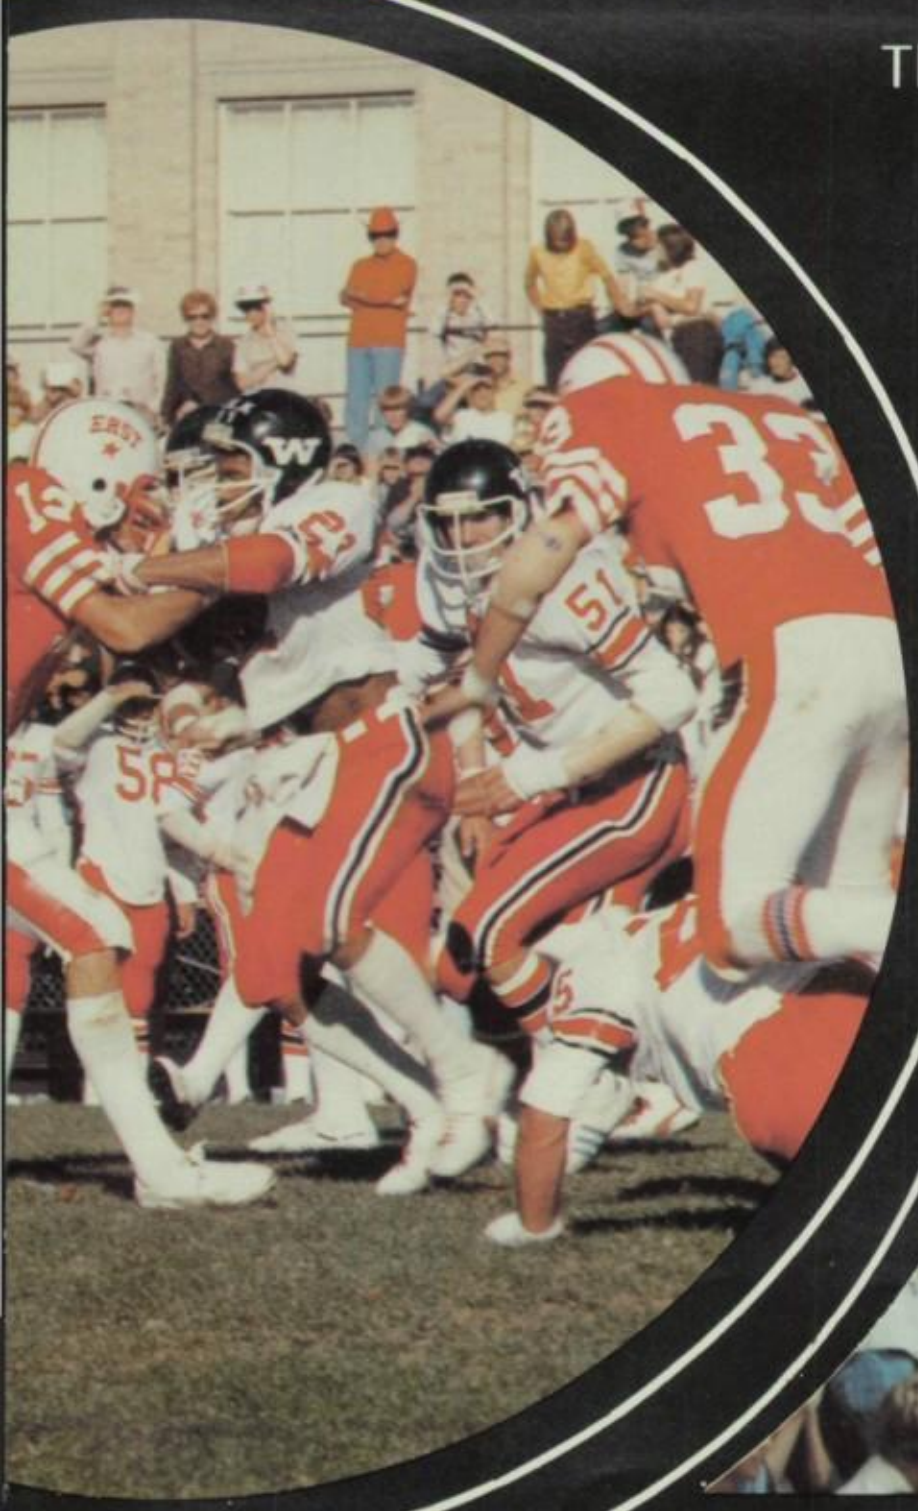
where was it, when was it?

The time and also the place,

not exact,

pass over my consciousness

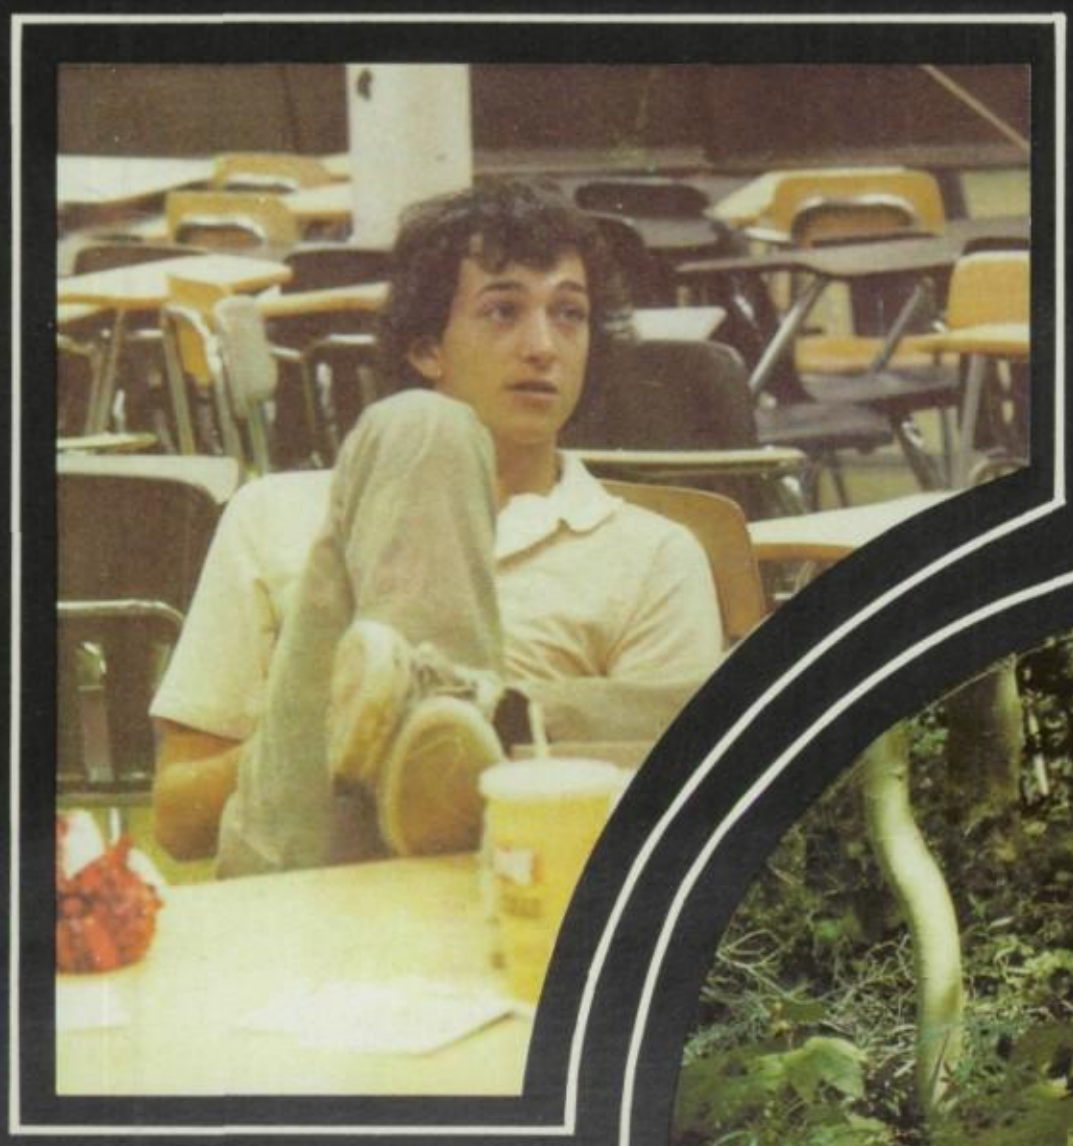
at certain moments.



Strangely clear

that scenery of the mind,

a thing awaking in a fathomless place,



a being always observing the thoughts of my self,

the impulse inside my self,

a view-point of the bird's eye,

my self that is not myself.

— Atsuhiro Sawai

BOARD OF CONTROLL

SAE OFFICERS

Dear Students,

The student body expected great things from the SAE officers and they got it. Whenever there was a problem to solve, they were there. No questions were asked, it was just done. Without them, we would have been in trouble. They made 78-79 the year it was.

Without a doubt, this past year has been the greatest year of my life. The memories I have and the lessons I have learned, will always be with me. I sincerely believe that East can become whatever it wants to. The neatest part of my job is being able to work with you. I would like to thank everyone for the help and support you have given me. It has been a pleasure serving you. I truly love East.

Sincerely,
Dan

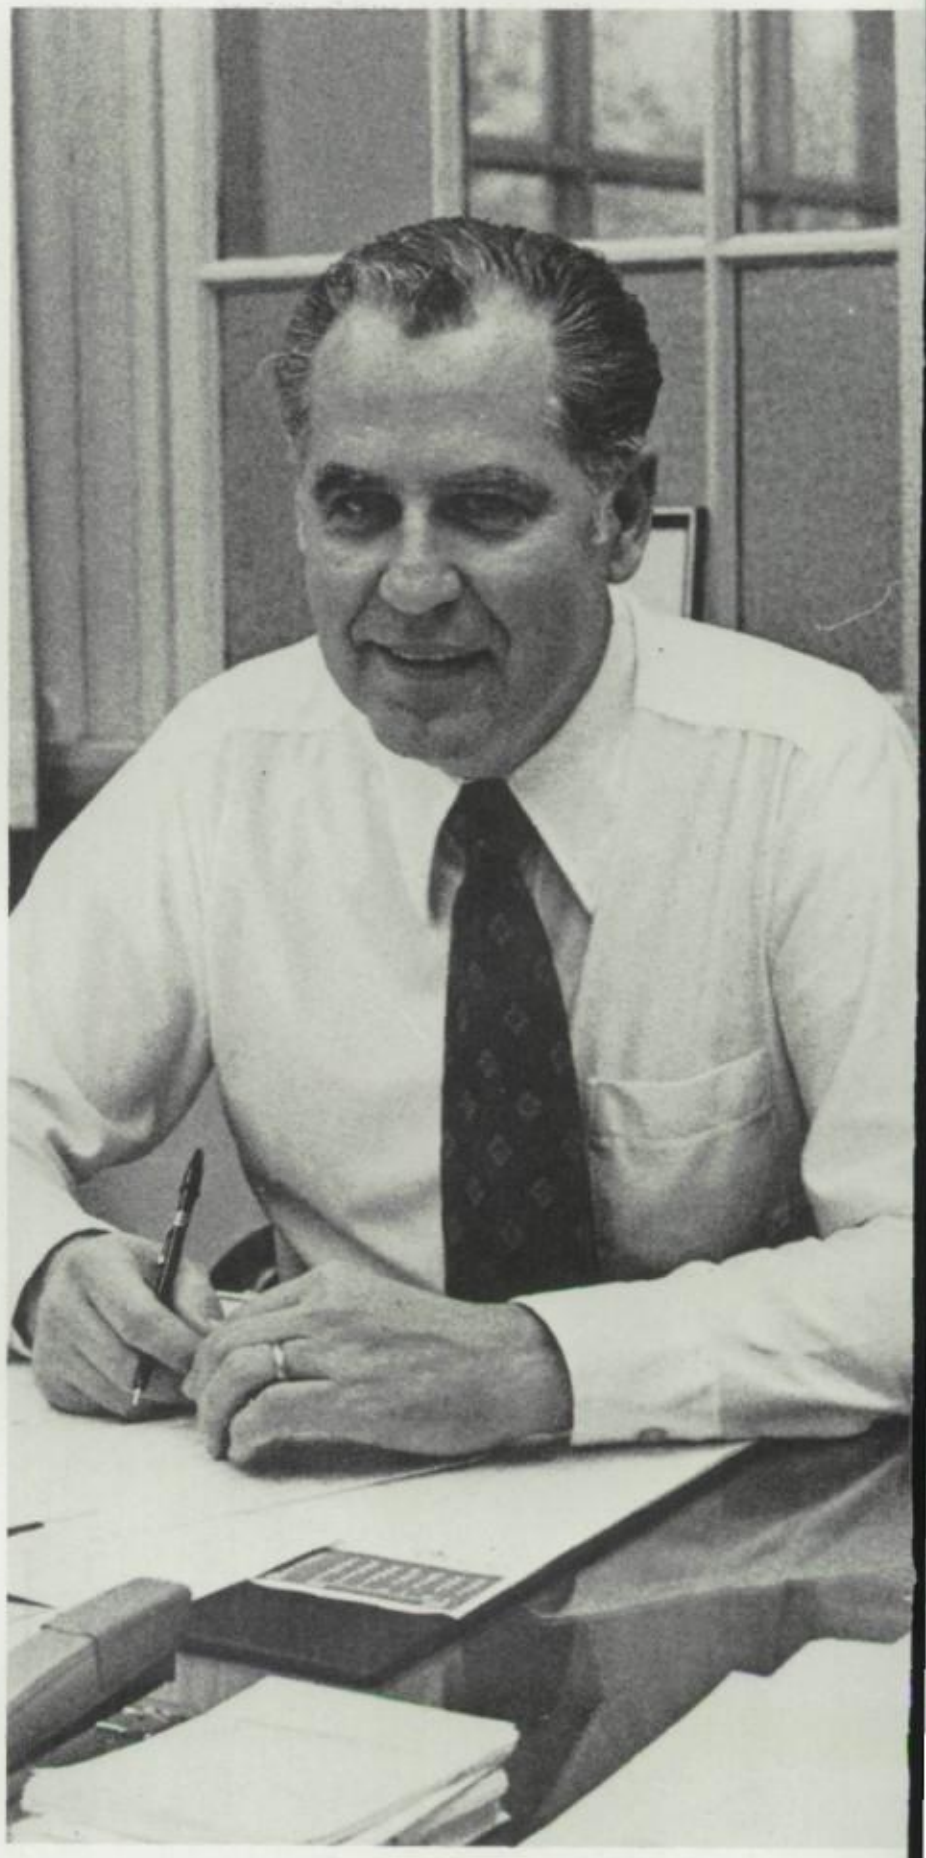
VICE PRINCIPAL VADAL PETERSON

Indispensable is the word to describe Vadal, a quality we recognized when mid-year he left for surgery. Inside of the tough exterior that kept the student body in line dwelled the heart of a "Teddy Bear." Here is a man who really knows the system and makes it work.

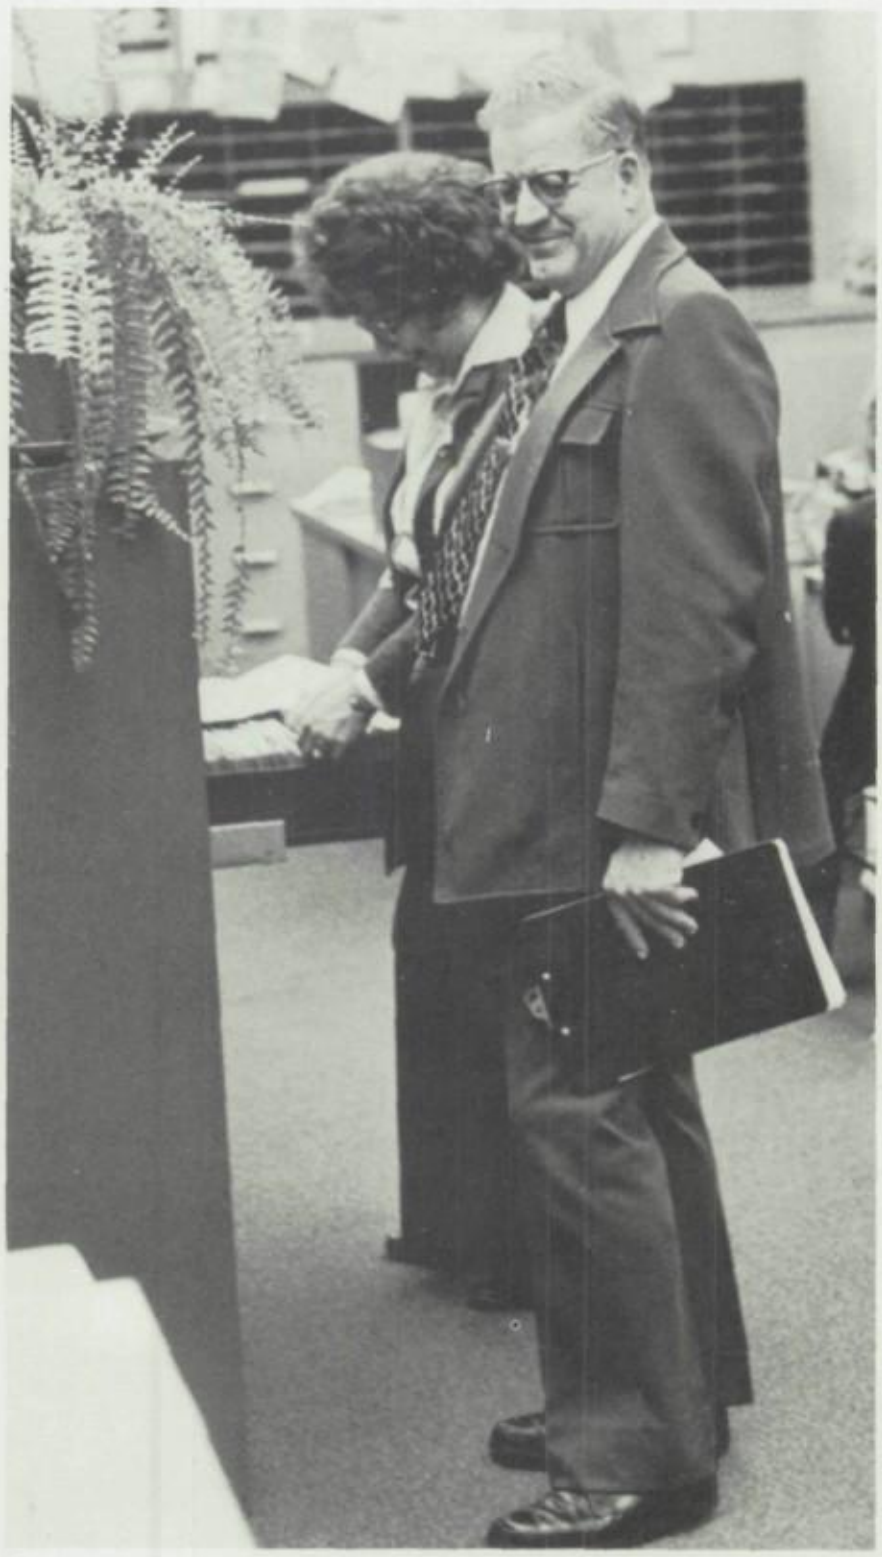


PRINCIPAL BOB DeVRIES

This patient, kind, understanding man formed the link between the students and the administration. The students' first preference when they needed someone to assist in a problem was Bob DeVries.

VICE PRINCIPAL LARRY PALMER

Larry was one hard worker who was worth his weight in gold. He reminded the students of East that they had class and restored their inherent pride as he wished the Ra . . . I, I mean Leopards good luck! When it came to school spirit, Larry was the ultimate example.



VICE PRINCIPAL ROSS EPPICH

Ross came to East, a new face this year, to assist a new institution, the Senate. He was warmly greeted by his plush office, filled with tickets and soon took an affinity to the P.A. He also proved valuable in clearing up the contraversies over study halls and "sluffers." Ross helped fulfill Vadal's responsibilities after he left.

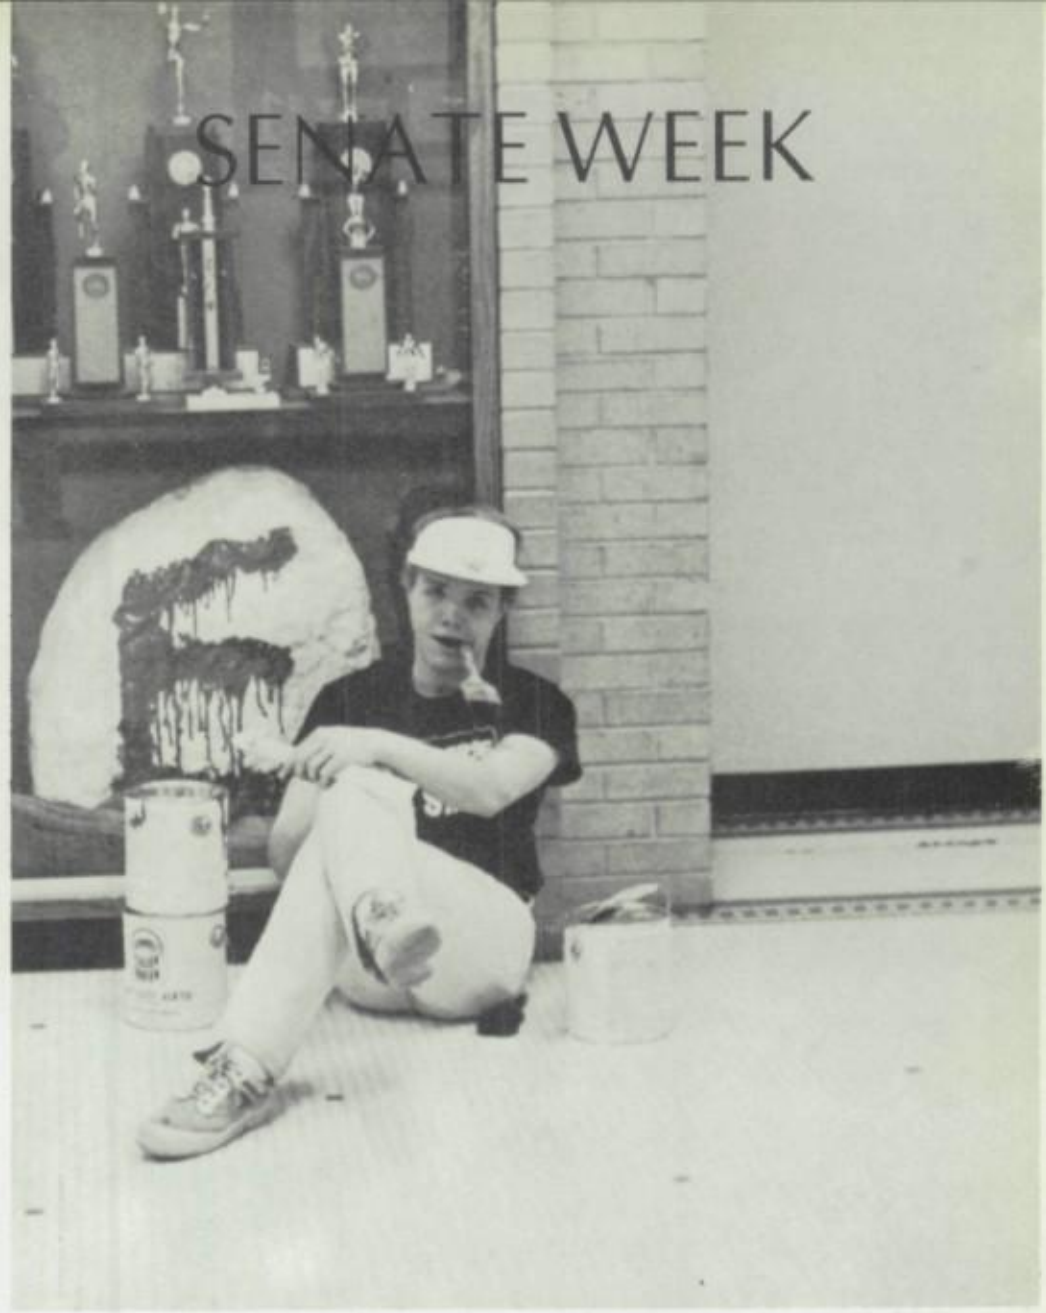
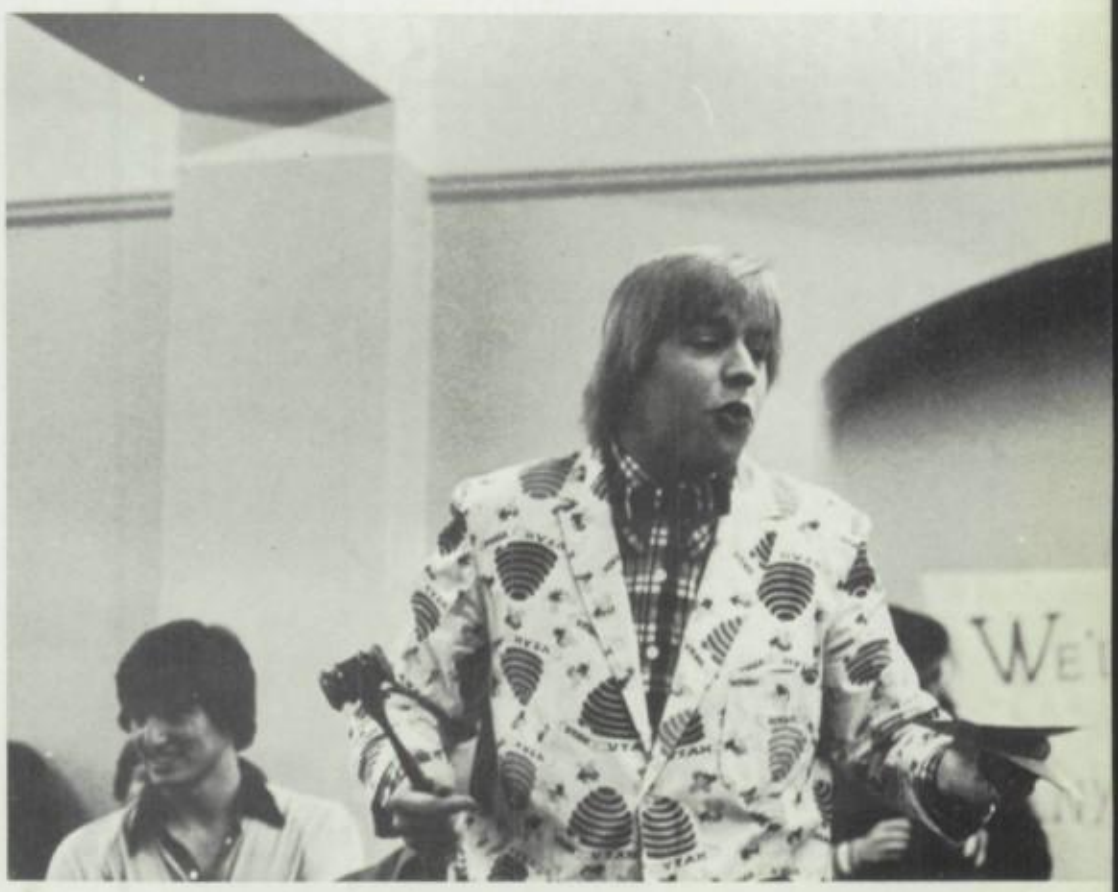
FRESHMAN WEEK

SENATE WEEK



This year John Adair "painted up" a sensational pride week. "Who will give me . . ." were not just words coming from our energetic auctioneer, but also words heard by the Senate. The week was filled with fund-raising trying to find the right "bid" in order to raise enough money to light up the "E." One of these fund-raisers was a rip-roaring dance-a-thon. The concluding slide-show assembly was, however, what really "sold" the students. Pride in East was forcefully reinstated.



SENIOR WEEK

"WILD AND CRAZY!" These words vividly describe this year's senior week. Due to Sr. Class Officers' extensive efforts, some exciting activities were pulled off. Highlights throughout the week included special guest appearances by "King Tut" and the outlandish "Czechoslovakian Brothers." The senior party, along with the senior assembly was an amazing wrap-up to a fun-filled festive week.

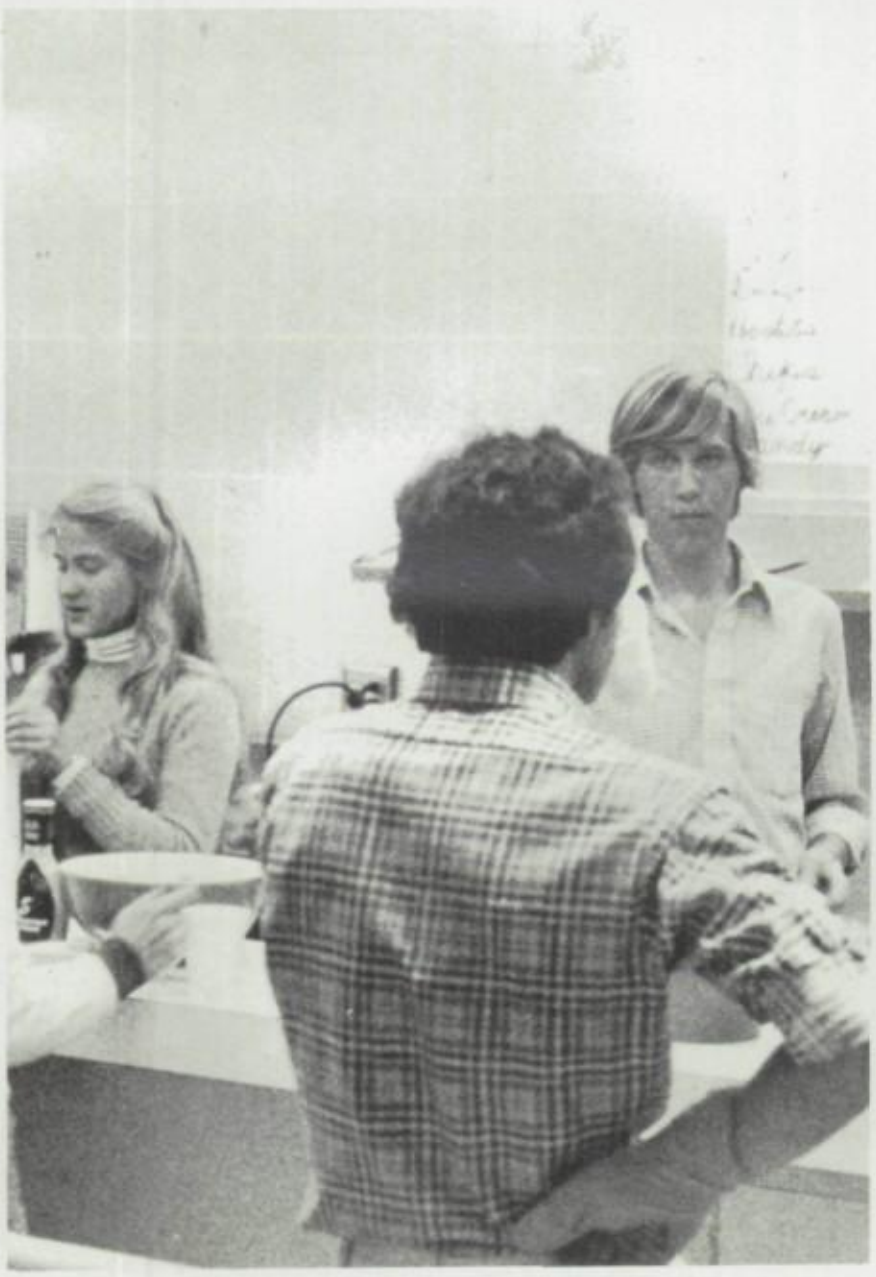
SOPHOMORE WEEK

Pizza eating, movies and parties are what sophomores are all about. This year's president, Mike Richards, swung an excellent sophomore week with an exciting concluding assemble . . . Heaven Can Wait . . . but East High can't.



SPIRIT WEEK

Your mission . . . if you decide to accept it . . . is TO GET INVOLVED!! With Federal Lunch Eating Contests, Pep Rallies, and School Associations, the job should not be too hard.

The Students of East High did a great job of carrying out their mission throughout the 1979 spirit week.

JUNIOR PROM

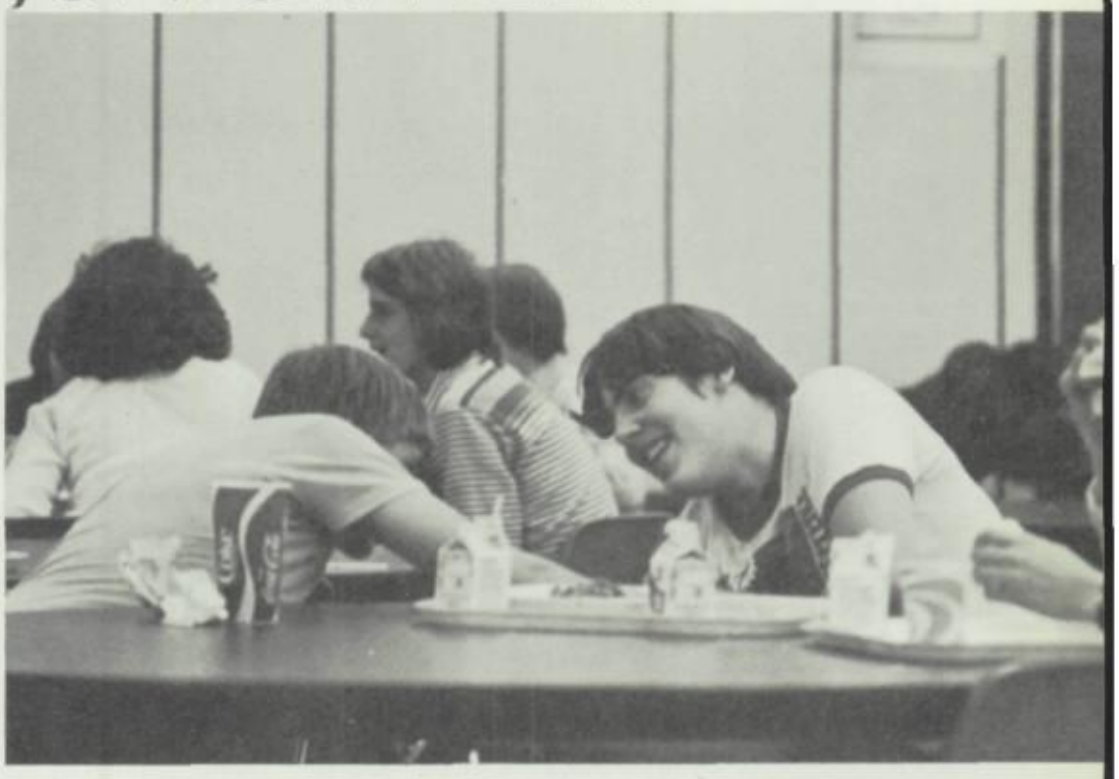
JUNIOR WEEK



The Lafayette Ballroom was an appropriate way to end an electrifying Junior Week. Throughout the week, words of wisdom were spoken by president, Mark Gibb concerning an enticing movie presented for the student body and their entertaining assembly.

SPRING ACTIVITIES

When spring fever hit, we had to find something to minimize the monotony. Some ventured to "The land of OZ" to gain relief, while others joined in t he "Leisure Movement." Tempers were hot and feelings were cold as the last year of the favorite rivalry came to a climax. Between Spencer and Dan, two student bodies enjoyed trading a most valuable trophy.

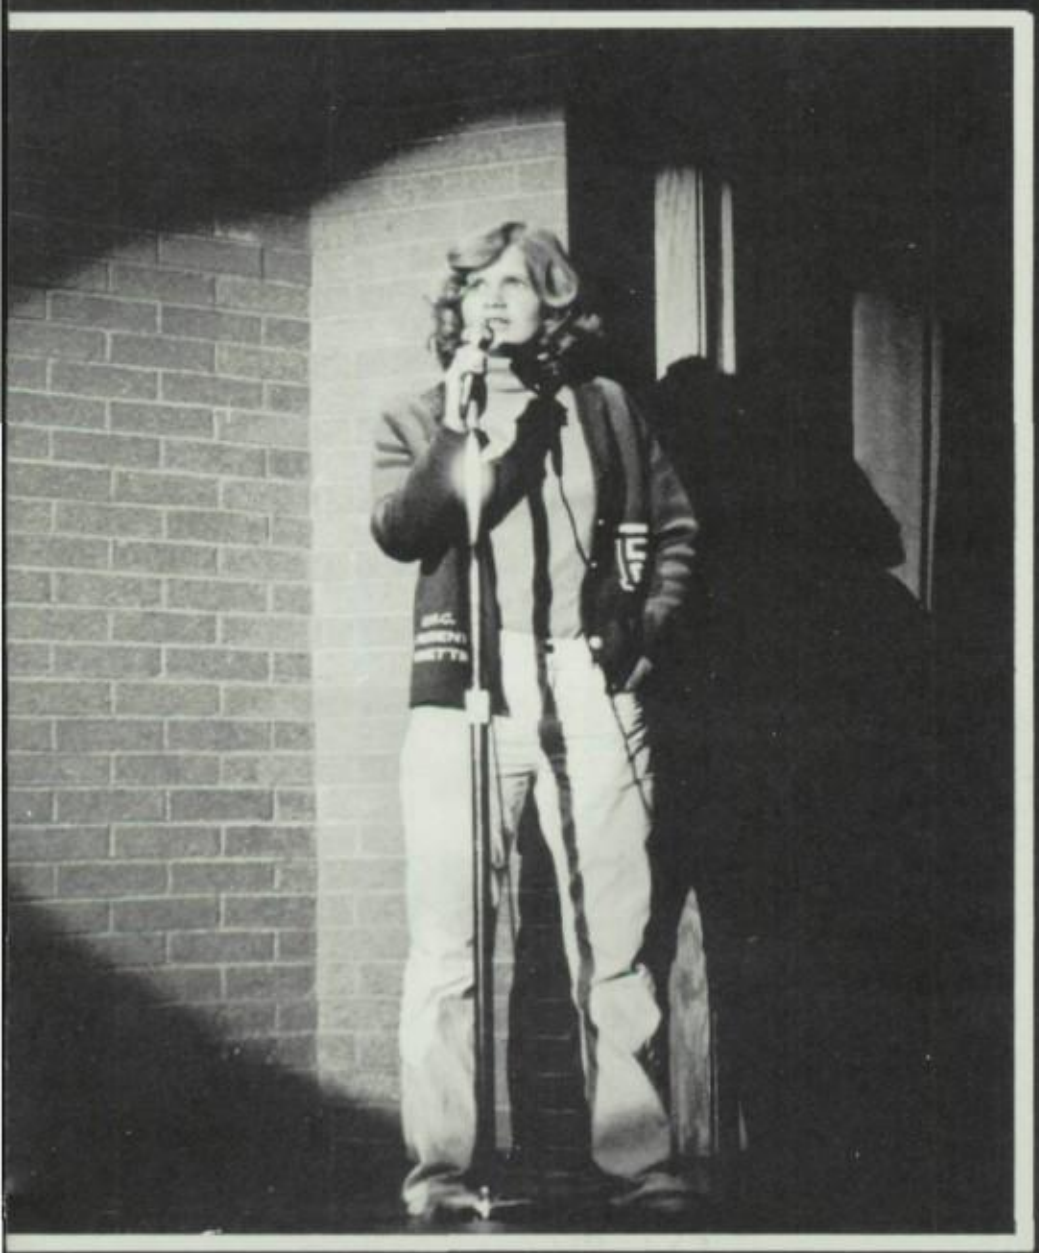
WOMENS' WEEK . .



The watermelon juice on the faces of the women of East exemplified their notorious lady like qualities. It was contrasted by a formal banquet where the real talents the women possessed were demonstrated. Consistent with the "eating image" were the motley assortment of delicacies the boys conjured up for a lunch time menu. In the assembly, Donnetta, along with the women of East, proved the women were outstanding. It unquestionably outshined the boys' act — indefinitely postponed.

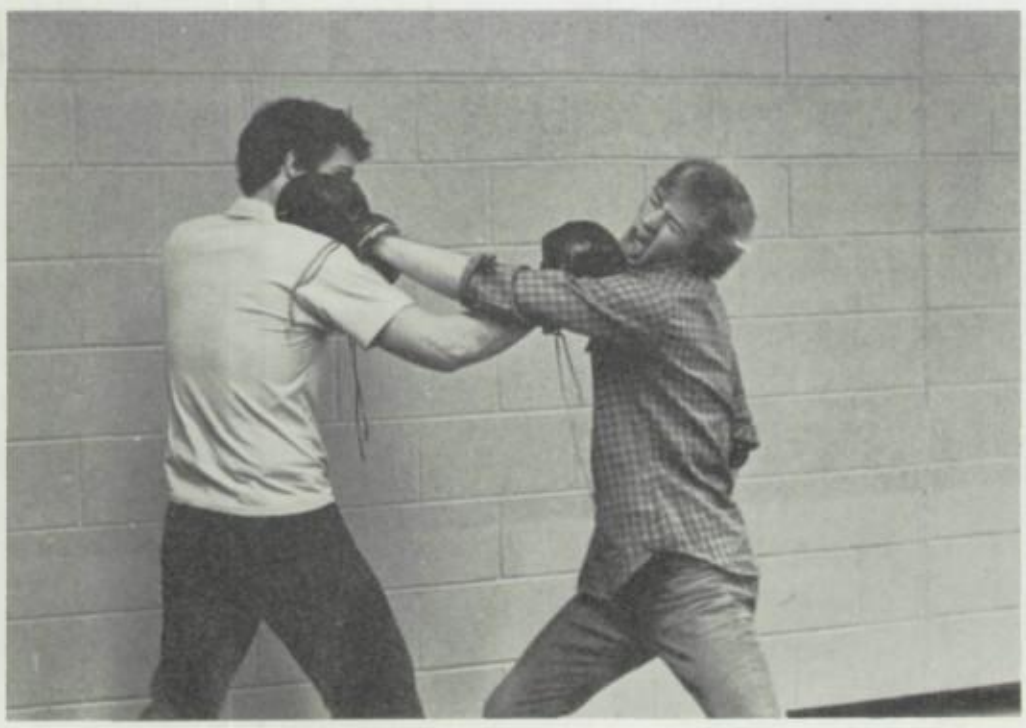
CARNIVAL '79

The Carnival of '79 proved to be a "Real Smash-Up!" There was the annual kissing-booth, a knock-down boxing arena, the old pie-in-the-face-trick, and car smashing activities that kept the students thoroughly entertained.



LAGOON DAY

LAGOON DAY?

Could it be?? Yes, it's just that time of the year! The time when a little bit of excitement, thrills and merriment are needed by all.

GRAFFITI

Well, folks, here I sit at 1:15 on the morning of the last deadline. With Dylan moaning in the background, I look out over my vast kingdom of photographs, quad packs and typewriter ribbons, and reminisce. The only true words I can think of to express my true feelings right now are not fit for a respectable school publication, sufice it to say it was a big job. However, it must be said that I cannot take credit for this marvelous work of wonder. I merely put it together. The credit for all the writing goes to Jeannette and her associates; The student section was done by Annette and Barbara; The academics section is the work of Liz and associates; Laurie and company put together the organizations; Judy did the honors; Ann and friends did the sports; And the activities section is the work of none other than that dynamic duo, Donnetta and Theresa (and associates) A special vote of thanks goes to the photographers who always, well, almost always came through. The thanks do not end there. There were many people on the staff who proved indispensable, too many to mention personally, but they are all appreciated.

So it is now our privilege as the Eastonia '79 staff, with all humility, to present this, the greatest yearbook ever, to the greatest group of people ever, (No, it's not the Sierra club, it's) The students of east high. WE have all done our best to put this fantastic year into a book, for you, to permanently preserve the immages of East High, 1978-1979. It was all worth it.

Mike –

I don't know where to begin... Thank you for being a <u>real</u> friend – I can't believe the amount of time you sacrificed (precious work time at Arby's too) for the campaign, I can't believe all of the energy you gave working on spirit tags & that "fantastic" banner. I'll never forget the expression on yours & Angie's face when you walked out of Trolley Square with those pictures!!!! I really value your friendship & in a way I'm sorry that I won't see you next year; but I know you'll have a <u>blast</u> (is that word obsolete) in Sweden. (Remember your rule of partying <u>only</u> every 3 months). Thanks a lot for everything – you were the best campaign manager a person could have (that may sound corny, but it's true).

KOC (Keep on Caring)

P.S. Send me a post card from Sweden *

Love ya –

Geometry would have really been unbearable without you - seriously. I mean I wouldn't have anyone to laugh at my dirty pictures or my "DO BONES" etc also. I wouldn't have had anyone to bitch to about how much I hate Troy Por and Mike Jones etc. He

I hope you have a good hell time in Swed Be sure to write and tell me what it's like.

Love.

TVICIA D.

Mike,
Remember the Bag of pigs? We're going to have to look up + find out where that name came from. Wouldn't it be a joke if they really did raise pigs there, I hope you did well on the History Test. have a great summer and see you next year. Caroline Reitel

Michael—
What can I say, except that it was really neat getting to know you in Spanish. You really took advantage of one of my characteristics— I'm gullible, and I'll always remember the tricks you played on me! You really are a special guy!! Have a terrific summer, and have fun in Sweden... be careful though! Remember if you ever need a friend or someone to just talk to, you can write me from Sweden:
